THE RETURN OF TRUE **TERRAZZO** DESIGN

by MEGANITE SOLID SURFACE

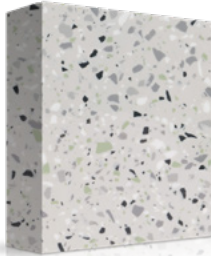

Meganite celebrates the renaissance of the popular 15th century Venetian trend with an all-new collection of Terrazzo inspired 100% acrylic solid surface patterns.

TRUE TERRAZZO captures the classic true look of natural terrazzo into modern design that reveals an extraordinary aesthetic potential and unprecedented versatility in daily use. Compared with original terrazzo tiles, the key advantage lies with all the fundamental functionality of Meganite's standard solid surface. Non-porous properties enable it to be installed in tough environments from healthcare to food service to residential spaces with hygienic performances and ease of maintenance.
